## Job Title & Description

---

**Title:** Journey Gap Year Program Facilitator

### Description:

Journey is an intensive 8 month gap year Program for students 18-26 that focuses on the development of Christ-like character and leadership through a highly experiential curriculum. The program utilizes outdoor adventure, biblical academics, cross cultural travel, city engagement, leadership opportunities, and community living as the contexts through which to deeply process life, faith, relationships, culture, and leadership. The Journey Facilitator is the main relational connection/mentor for each small group (8 students) that goes through the program. Each facilitator will co-lead a small group of male and female students, along with a co-facilitator of the opposite gender. Along with a strong and ongoing relational presence, facilitators will lead the processing of the students experience through each of the phases of their experiential curriculum.

### Character Qualities:

We are looking for applicants who are spiritually mature with a strong desire to invest in the spiritual growth of young adults. We desire applicants with a teachable heart who have an attitude of having much to learn rather than having "arrived." The job will require much patience, good listening skills, and the ability to encourage as well challenge and speak the hard truth when appropriate. It will also require the ability to work well on a team with a co-facilitator and director.

### Required Experience:

Applicants must have past experience or training in experiential education, preferably in an outdoor ministry context.

**Seasonal/Year-Around:** Seasonal

**Full time or Part Time:** Full Time

**Start Date:** June 9, 2017

**Finish Date:** May 12, 2018

**Type of Position:** Volunteer Position

**Minimum Age:** 19

**College Degree Req'd:** No
